

Feedback 1:

Name of listener: Michael Goldman

Date: 2020-10-13

Feedback:

- Define “NCAR” (climate research center in Colorado)
 - Changed to simply “climatologists”
 - Restate definition of “ENSO” or use it less
 - Changed some occurrences to “El Niño”
-

Feedback 2:

Name of listener: Abby Goldman

Date: 2020-10-18

Feedback:

- Needs to be more colloquial
 - Clearer hook
 - More explicit rationale
 - State research question
 - Transition between intro and methods
-

Feedback 3:

Name of Listener: Brian McCollum

Date: 2020-10-19

- Put “El Nino could be stronger in the future” at beginning as hook
 - Slow down pacing
 - Emphasize rationale slightly
-

Feedback 4:

Name of Listener: Abby Goldman

Date: 2021-02-01

- clarify what “intensity” means
- improve sentence structure about rationale
- clarify model methodology
