Time: 7:30

Feedback

- like slide organization in review of literature
- binary graphs on slide 7 should say yes/no
- slide 8 maybe explain why ANOVA briefly
- overall really well-made figures
- maybe put author/year instead of ref #

Feedback

- Good pacing, very clear
- Interesting presentation
- Have the ROL be slightly less specific, focus on the progression of knowledge, rather than their specific methods
- Put ROL in chronological order
- It's ok to leave the script sometimes
    - practice ad-libbing
- Add general overview of what ORN's do at the beginning
